

“Complete attention was given to customer service and satisfaction. Every concern was addressed. The Project Manager’s (Tyson) skill, communication and responses were far above my expectations. I have not worked with a better team. Ed gets an A++! He is great to work with.”

*Marilyn McBride, Superintendent
Milton-Freewater Unified School District # 7*

“The experience we had with McCormack was outstanding. It was the most professional construction management we have ever experienced. All aspects of the job, including the work itself, courteous employees, changes and extras requested, to the billing was dealt with in the most professional and timely manner. The end project we received was of the highest quality, with excellent customer service.”

*Michael R. McHenry, Vice President
Pendleton Sanitary Service, Inc.*

“ We appreciate the professionalism, fine quality of work and conscientiousness that your firm exhibited. You provided a beautiful quality structure and finished the job on time and within budget which pleased the Tribes and community”

*Bill Tovey, Director
Dept. of Economic & Community Development-CTUIR*

“McCormack has shown throughout the years that their project managers and superintendents communicate better and more clearly than other contractors. This facilitates better organized and better run projects for both the owner and all of the subcontractors on the job.”

*Kevin Hale, (former) President
Pendleton Electric*

“We couldn’t be more please with this project, the result, the workmanship, our partnership, and your due diligence.”

*Bob Wright, Executive Director (Retired)
Eastern Oregon Alcoholism Foundation*

“We have been very pleased with McCormack Construction’s work on our behalf. We appreciate your willingness to help with our budget for fund raising by doing an early cost estimate for the project and then saving us money whenever possible. You were generous in doing details along the way to see the project completion- and I realize “details” is an understatement in some cases! One especially gratifying part of the job was watching your crew work-they obviously take pride in their finished product and were pleasant to work with. I hope we’ll have a chance to work together again.”

*Julie Reese
Umatilla County Historical Society*

“Your attention to detail and ability to coordinate the unusually large number of subcontractors due to in-kind donation of services has been a critical factor in the success of this project. Your donated expertise is a true example of McCormack Construction’s community spirit, commitment, and involvement. Thank you!!! We could not have done this without you.”

*Cheryl Humphrey (Previous) Executive Director
Pendleton Chamber of Commerce*

Bryan Payant, President
McCormack Construction Company
422 SW Sixth Street
Pendleton, OR 97801

Dear Bryan:

I am writing on behalf of the Good Shepherd building committee, who has oversight for all construction projects.

Now that the DI/Lab/Cafeteria project is done, I want to commend you and your staff for a job well done. All the supervisors and workmen were polite, clean and friendly. Everyone was easy to work with and never acted upset when we had to stop work for various reasons. The subs were also professional in their interactions with doctors and staff.

In short, it was a very nice project with a beautiful outcome and 3 new areas we can be proud of in our service to the community. We have already had many compliments on the new, modern departments.

We look forward to building the MOB with your company and I know we will again receive professional, competent service. Thanks so much for making a tough job look easy.

Sincerely,

T. Doug Flaiz, MD
Chairman of the Building Committee
